Sponsorship Opportunities

Dear Potential Sponsor,

LaExpose' Productions is a 501 c3 organization that provides marketing and exposure to individuals and groups with limited resources that are unable to afford expensive marketing firms. We have offered free services for several years. We seek to identify, recruit, and educate a new generation of leaders who encourage gratitude, integrity, and community service.

This year we are working on a mental health film project that addresses depression and anxiety. The film will be relatable, thought provoking, and aim to inform audiences through entertainment to actively address the issues.

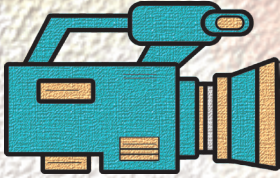

Our focus is to develop and promote positive programs for people that are diverse and appealing to all. The primary source of funding for this event will come from corporate sponsors and individuals such as you. It is with this thought that we are soliciting your support as a Sponsor in making this a success.

As a Sponsor you will receive major exposure throughout this great venture. Our multimedia advertisement will extend to the entire world, via social media, Amazon Prime, laExpose' magazine, radio, and three different television programs. Our direct fan reach is over 100k not counting our membership fan reach.

There are numerous levels in which different individuals may participate with generous perks. We look forward to working with you in making this project a success. Please do not hesitate to contact us with any questions or concerns and we will follow up with you.

**Thanks in Advance,
Macaiah Tillman, Co-Founder
